SALT LAKE'S SOLID

The equipment of this train will be the very bear and latest turned out by the Pullman shops, said Mr. Peck. There will be a combination buffet, aggage and dynamo car, from which the power for electric lights will be suplied to the whole train. There will be three standard sleepers of the new type with ten sections and two staterooms each, two tourist cars, and cossibly a mail car.

This train will run solld between Los Angeles and Chicago, with the exception of the car which will be switched off for Denver, and possibly a car for Milwaukee. It will be a through train and will make no local stops except at important stations.

INJURIES TO PASSENGERS

WHILE ALIGHTING A Georgia statute provides that a railroad company shall be liable to damages for injuries to passengers caused by the running of the locomotives or cars of the company, or by and person in the employ of the company, unless ordinary care and dili-gence is shown. In the case of the Georgia Rallway & Electric company vs, Reeves (51 Southeastern Rep. 61\$) where a woman was injured while transferring from one car to another on a parallel track because of a sudden jerk and the extinguishing of the lights, is was held that the statutory presumption of negligence arose. In uries cause by the 'running of the cars" is not confined to a collision with a person on a track,

ENGINEER'S WIFE IS
